

Technical Details

Amps: 10

Watts out: 1150

Volts: 115 AC/DC

Maximum torque rating: 434 ft./lbs.

Impact rate: 1,800 ipm

No-load speed: 1,600 rpm

Square drive capacity: 3/4 in.

Bolt size: -

Cord type: 2-prong, rubber

Cord length: 8 ft.

Switch type: Rocker

Bearing type(s): Ball bearing

Housing type: Die cast

Country of manufacture: Japan

Grade: Professional

Also included: Hex wrench, hex socket

Detachable cord: No

Externally replaceable brushes: No

Reversing: Yes

Soft-grip handle: No

Rubber bumper: No

AC/DC compatible: Yes

Side handle included: Yes

Carrying case included: Yes

Other features: N/A

Length: 11 in.

Width: 3-1/2 in.

Height: 10 in.

Tool weight: 5-1/2 lbs.
